

# Introduction & Overview of Merit Diplomas

## *Introduction*

To achieve the Merit Diploma in any specific department requires a more in depth program of study in the area of emphasis. Students may be eligible for merit status in more than one department. Students are recognized at the graduation ceremony for their extra effort.

A Merit Diploma awarded to students who fulfill the requirements for a Canyon View High School diploma, completion of the preauthorization form, along with additional qualifications per department. The student must maintain 90% attendance average each year, complete 40 hours of documented volunteer service, and maintain a cumulative GPA of 3.0 or better.

## *Overview of Department Requirements*
